Sampling Mother's Doughnuts

HUNGRY kids are sampling them today just as they did in your doughnut days.

Our artist has taken the old familiar story and brought it up to date. He has given Mother a modern up to date Acetylene cooking range.

It may surprise you to learn that such ranges are actually being used by the women folks in over two hundred thousand country homes.

As you will note from the picture, they are duplicates of city gas ranges used throughout the world. They furnish heat on tap—and have the high ovens with glass doors and all other modern features.

If you feel that your folks would appreciate the convenience of gas for lighting and cooking—if you feel that they have battled long enough with kindling, oil, coal, ashes and soot, you should without delay look into my home made Acetylene proposition.

I am the representative for this district of the largest manufacturers of country home Acetylene plants in the world—namely, the Oxweld Acetylene Co.—manufacturers of the famous Pilot Acetylene Light Plants.

Pilot plants are different from any of the other hundreds of American Acetylene machines. They work on a different principle. They are not storage systems—they are automatic—they make gas—a little at a time, while the stove or the lights are in use. At other times the plant stands idle.

Pilot lighting plants are built upon honor to last a lifetime. They are permanent features of the homes in which they are installed.

In fifteen years only two accidents have been charged to the misuse and abuse of Pilot plants. While during the same period over one hundred thousand fires and accidents have been charged to other illuminants.

ONE MARRIAGE FAILS, JUDGE IS INFORMED

Negress Claims She Was Threatened With Razor and Husband Placed Under Peace Bond.

Although they had been married but a month, Mrs. John Lemons, negress, appealed to Judge E. B. McClintock Wednesday afternoon to put her husband, John Lemons, under a peace bond.

"He tried to kill me with a razor," the woman said to the judge, "I don't know what is the matter with him."

"How long have you been married?" Judge McClintock asked her.

"Just about a month," replied the woman.

"And already fighting?" There was a pained expression on the judge's face.

"Yes, fighting," she answered. "Well, I know," said the judge while a smile of satisfaction overspread his face. "That I did not marry you two, the couple that I married are all happy and getting rich."

"You sure did, judge. You married us about a month ago."

For awhile the judge did not have anything to say. Then: "Well, you know that if we put your husband in jail you would be down the next day and want him out."

"Not so's you could tell it, I wouldn't. Ise had too much 'experience'."

Judge McClintock told the woman to go and talk to county attorney P. R. Price.

This Will Remove Hairs From Face

(Toilet Talks)

Many beauty experts have discarded the electric needle and are now using a plain delatone paste, to remove hairy growths because this method is almost instantaneous, and is entirely devoid of pain. The paste is made by mixing some powdered delatone with water and this is applied to the hairy surface for about 2 or 3 minutes, then rubbed off and the skin washed. This banishes every trace of hair and leaves the skin soft and spotless. Be sure to get the delatone in an original package.—Advertisement.

MOTHER COMES TO DAUGHTER'S RESCUE

When, Daughter Thought, Every Avenue of Escape Closed, Mother Came to Rescue.

Louisville, Ala.—In referring to her recent troubles, Mrs. Bessie E. Bruce, of this town, says: "After childbirth, I suffered greatly with wasting, and various womanly troubles, and was in bed for six weeks. Half the time, I could not move, only when I was turned over by some one. Oh! how I suffered, no one knows."

I was told that I would have to go through an operation, but at the time of the operation, I was too weak to undergo it, and I decided there was no chance for me.

As a last resort, my mother advised me to try Cardui, the women's tonic, and my husband bought me a bottle.

I could tell from the first that it was doing me good, and by the time I had taken the first bottle, I could stand on my feet. I got another bottle, and before I had taken it up, I was just about well. The pains all stopped, and in a short while I was able to do my work.

I know that Cardui saved my life, and I would not be without it in the house. I almost waited too long, and I advise all suffering women not to wait, but to begin taking Cardui at once."

Your druggist sells Cardui. Get a bottle today.
